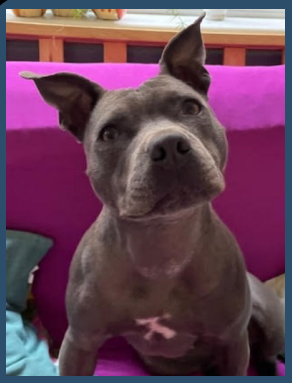
Newhaven Outreach Provision

- Staff Profile



My name is: Humbug Candy

I am a blue Staffie (Staffordshire bull terroir)

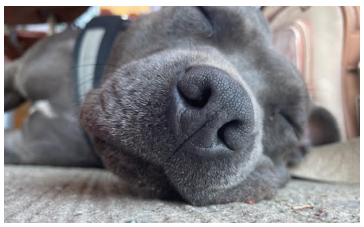
My job is: PAWS Therapy Dog (in training)

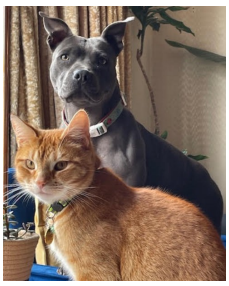
The best part of my job is: Being given treats, cuddling the students, eating treats, trying to lick the students (I get told off for this!), trying to get more treats, being taken for a walk to buy treats—did I mention that I LOVE treats?!

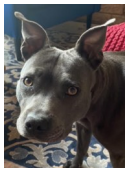
Things I enjoy doing in my free time:

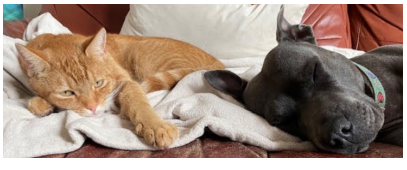
- I won 'most beautiful eyes' in Southwood Park 2026 dog show—here I am modelling my prize!

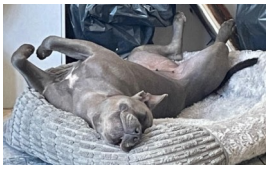
- Going on walks
- Playing with my dog friends at the local park
- Cuddling my humans (I live with Dom)
- Digging up Dom's plants (I get told off for this!)
- Bouncing on the trampoline
- 'Catching' water from the hose
- Playing with my hairless human siblings (Dom's children)
- Sleeping in Dom's bed under the covers whenever I get the chance!
- Jumping in and swimming in the paddling pool
- Playing football (trying to steal the ball!)
- Laying in weird sleeping positions!
- Eating treats!
- Talking (I use buttons to communicate)
- Laying under blankets
- Being pampered—I love having my coat brushed
- Having a lovely nap curled up
- Dressing up—I love a costume and outfit!
- Playing with my toys
- Chewing—my current favourites are an ostrich leg bone and a buffalo horn...yum!
- I love making people feel happy and started my therapy dog training at exactly 8 weeks old. I love people and animals alike!
- Chasing my hairy siblings (Cats Ringo and McCartney) - I get told off for this too!

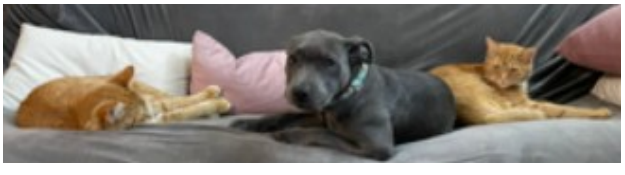












Sometimes I can get a bit excited and need to be reminded not to chew people's watches/bracelets and to keep my paws on the floor (I like to stand on my back legs and cuddle you with my front legs!). I'm only a young, so I'm still learning—please help teach me by being kind and patient with me. ❤
